Tyler Hopkins

My Name is Tyler Hopkins, I am curently ~~to~~ housed out in Jerome County Jail, I am of the age of 27 years old and Curently serving 100 days for probation violations and topping my Time out. I am being housed with other Imates with much more serious thing Than a misterminer DUI. The time you have to have to let your mind wonder and think is Super Emense, Reading, Watching TV, Reading Religous books, or using the tablets to keep, Our Brains going. I being an alcoholic need help Coping with thing (Coping skills). Jerome County Does not have this selection. The tablets have Learning APPS that you have to pay for, this stuff should be free for the imates. The other Fact that there is not much for the Other Imates to help with getting there Lives staigh and on the good path, or to help them with keeping their minds in good order, Mental health is Every thing to keep a good Enviorment with multiple people Being in the same Facinity for Extended amount of Time. Not having these tools for free is taking advantage of money. The Enviorment in Jail is not the best, and yes to a point you have to Make ~~was~~ it what is. To beable to have ~~that~~ the tools to help better our Lives in here ~~and I~~ would help the time and any tenton in the Pods. That is my view
