Choose the access path that fits your plan.

Lock in

START BY CHOOSING YOUR ACCESS STYLE, THEN CHOOSE BTC, XRP, OR BOTH.

Lifetime access

One-time purchase. Invite-only TradingView access. Ongoing updates included.

AZRO BTC Operating System

Best place to start

$2,000

one-time

The maintained BTC workflow built to help you stack more sats per dollar with weekly clear BTC Buy / Hold / Trim workflow plus multiple modes to reduce emotion and proof on chart against a matched auto-buy baseline.

- Clear weekly guidance, suggested sizing, and optional Suggested sizing plus alerts
- Trim / Buy / Sell alerts plus colored price-line context
- Built for major XRP cycle opportunities

AZRO XRP Top/Bottom Indicator

$200

one-time

The maintained XRP cycle workflow built to help you catch major Buy / Sell opportunities, manage top-side risk, and stay out of lower-risk zones

- MAJOR RADAR LIGHT, EARLY, and tiny Buy/Sell alerts
- Built for major XRP cycle opportunities

Subscription access

Lower upfront than lifetime and built for people who want to validate the workflow before locking in for the full cycle. Subscription spend can be credited toward lifetime when you upgrade.

AZRO BTC Operating System

Best place to start

$90

/ month

Full access to the maintained BTC workflow while your subscription is active.

- Full BTC workflow access while active
- Lower-friction way to validate before lifetime
- Subscription spend can be credited toward

AZRO XRP Top/ Bottom Indicator

$20

/ month

Full access to the maintained XRP workflow while your subscription is active.

- Full XRP workflow access while active
- Lower-friction way to validate before lifetime
- Subscription spend can

Not sure where to start?

Three common ways people start with AZRO.

+

Path 1

Start with

Path 2

Add XRP

How access works

Checkout, TradingView access, and ongoing access in one place.

+

1) Purchase access

2) Add your TradingView username

3) Get access

Pay with BTC, XRP, or card.

Choose direct crypto checkout with wallet addresses and TXID confirmation, or use the AZRO Gumroad store for standard card checkout.

+

Choose the checkout path that fits how you want to pay.

Use direct BTC or XRP payment when you want to send crypto and confirm with a TXID. Use the AZRO Systems Gumroad store when you want standard card checkout.

Direct crypto checkout

Pay directly with BTC or XRP.

The addresses below are payment methods, not product-specific plans. Choose the AZRO Systems plan you want first, then send either BTC or XRP and email your TXID, chosen plan, and TradingView username so we can grant access.

BTC

BITCOIN MAINNET ADDRESS

bc1q6sfmlwf8vpyqcyyh68hdx4k4t4qksmn9kqpdt6

Copy BTC address

Native SegWit (bech32). Send on Bitcoin mainnet only.

XRP

XRP LEDGER ADDRESS

rNHnFQ39rJdzzuCv1RnUBwK5zM1sJAmnoM

No destination tag required. If your wallet forces one, use any placeholder

Copy XRP address

After payment, email support@azrosystems.com with your TXID, chosen plan, and TradingView username so access can be granted cleanly.

Card checkout

Use the AZRO Systems Gumroad store for standard card checkout.

Choose the AZRO Systems plan you want, complete checkout in Gumroad, and include your TradingView username so access can be granted cleanly.

Pay with card
