My name is Jeffrey Hill, 54yrs. old.

I've spent atleast 20 yrs. of my life incarcerated, Due to Addiction. Zach has sat me down and pitched an Idea He has about a learning tool on Tablets in Jails and Prisons across the United States.

In the Jail where I am, in Jerome County Id. There is minimal access To education, and Rehab, and very minimal access to education on the Tablets, and what little there is on the tablet, we are being charged for it!! I believe that Institutional education should Be free. Instead we are given outrageous sentences for drug addiction charges and put in an unproductive environment, with a free Bible, but no free education?

I could be using this time on a tablet, to re-train my Brain

dig deep, and figure out what kind of help I need to get out and stay out of prison"

I Believe Zach's App. is a very good Idea, and really Hope He has the chance to get it going and changing lives for the Better!!

Thank You for reading, and considering my words.
